Greetings from Bernat®

Shirley

My name is Shirley, and I have worked for Bernat® for almost 19 years. I have three sons and four wonderful grandchildren. I enjoy any textile arts including sewing, knitting (by hand and machine), crocheting, quilting, embroidery and more, but my story to share today is about my 9-year-old grandson, Levi.

Levi loves to knit! He knits constantly! On a road trip in December he knit a scarf (about 5 inches wide and 30 inches long)! While on the trip he also made himself a hat and started another scarf using a 4 ply yarn! Levi was taught to knit by a teacher last fall. He has made several scarfs, his hat, coffee cup warmers, and 'rugs' for his pet hamster and gerbil. I would like him to try dishcloths next.

Levi and Aida,
showing off their knits

Levi, his sister Adia and cousins Abby and Clayton all enjoy crafting- beading, knitting, sewing, baking, cake and cookie decorating, etc. The four of them made their own flannelette pyjamas, and are always checking out the new yarns and fabrics on our shopping trips! What started out as Nanny checking out what I wanted, is now a family affair.

Thank You,
Shirley
