Greetings from Bernat®

It all started about 40 years ago when I purchased a how-to book and I have never stopped knitting and crocheting. Since then I have made many sweaters and afghans for family and friends. I have been a Bernat employee for 15 years, so my yarn stash has grown faster than I can knit! I love to knit for babies and like using Bernat Softee Baby, it is nice and soft with a lot of colour choices. Bernat Baby Jacquards is another favourite as it looks like you spent a lot of time knitting and changing colours. I love to knit any pattern for little girls. I always have something on hand for girls.

Thank You,
Nancy

Cheers,
The Bernat® Design Team
