Greetings from Bernat®

-Nicole and Adriana

Being part of the marketing team at Bernat® introduced me to the world of homeworking (test knitting and crocheting the patterns created by the Bernat® Design Studio). I never knew that the garments were getting made by people like me! I quickly told my sister Adriana who is an avid crocheter about homeworking and before we knew it we were having crochet parties all the time. Homeworking has taught us a few things - it has introduced us to patterns we hadn't yet tried, it has given us lots of opportunity to spend time together, and it has also demonstrated the importance of deadlines once or twice...It is always exciting to see items we have made in pattern books, on ball bands, and on tear offs. For us homeworking is a nice way to spend some time together while improving our crochet skills and seeing the Bernat® designer's ideas come to life!

Nicole,
Marketing Team and Homeworker

Enjoy this glimpse into the world of Bernat® design. We'll keep bringing the great new yarns and knitting and crochet patterns to you - the toughest part you have to do is decide who gets to keep what you make.

Cheers,
The Bernat® Design Team
