## *Satin*

[Bernat Satin](#) is a soft and luscious medium-weight yarn, perfect for accessories - including shawls! The

popularity of prayer shawl ministries has increased over the last two decades. Across North America, knitters and crocheters are making shawls to provide comfort to those going through difficult times. Most prayer shawls are made with positive energy and well wishes for the recipient in mind during the shawl's creation. Built into every stitch is much-needed love and support. You can make your own shawl in Bernat Satin for someone close to you or give to a local ministry.
