

Important RECALL NOTICE Information

Dear Bernat Yarn Customer:

What is the reason for this notice?

Bernat yarns, in cooperation with Health Canada Consumer Product Safety and USA Consumer Product Safety Commission, has determined that Fur Out yarns may exhibit excessive flammability when used as the sole yarn in a garment. This could cause a garment constructed of Fur Out yarn to burn rapidly when exposed to a flame source resulting in burns.

All seventeen Bernat Fur Out yarn colours are involved and can be identified with the following UPC #'s: **05735527**-1319, 1326, 1333, 1340, 1357, 1364, 1371, 1388, 1395, 1401, 1685, 2583, 2590, 2606, 2613, 2620, and 2637. Please note that no other Bernat branded yarns are affected by this recall.

What should you do?

Contact 1-800-641-5634 or visit the Bernat Yarns website at <http://www.bernat.com> and click on the Recall tab for instructions on how to return to Bernat Yarns any purchased Fur Out yarn or garments constructed of Fur Out for a full refund.

Questions?

If you need any assistance or have other questions regarding this recall, please call 1-800-641-5634 or visit Bernat Yarns website at <http://www.bernat.com> and click on the Recall tab.

Your Bernat Yarns retailer has also received a notice of this recall. We apologize for any inconvenience this may have caused you.

Sincerely,

Frank Janssen
Operations Manager
